

AHMED WAGIH EL-HOSSEN

Senior Full Stack Developer | Tech Lead

Cairo, Egypt • +20 102 788 7897 • a.ahmedwageh@gmail.com • [linkedin.com/in/thewagih](https://www.linkedin.com/in/thewagih)

PROFESSIONAL SUMMARY

Senior Full Stack Developer and Tech Lead with 8+ years of experience designing, building, and scaling web and mobile platforms across the PHP/Laravel, Vue.js, Node.js, and Flutter ecosystem. Proven track record leading cross-functional engineering teams, architecting scalable RESTful APIs, integrating payment gateways and real-time communication systems, and owning DevOps and deployment on AWS. Skilled in MySQL database design, performance optimization, B2B and multi-tenant systems, and translating business requirements into reliable, maintainable products. Strong problem-solver focused on clean architecture, automation, and measurable impact.

CORE TECHNICAL SKILLS

Languages & Frameworks: PHP, Laravel, Lumen, Vue.js, JavaScript, Node.js, Dart, Flutter, Python

Frontend: HTML5, CSS3, Bootstrap, jQuery, Responsive & RTL Design

Databases: MySQL, SQL Server, Query Optimization, Reporting & KPI Dashboards

APIs & Integrations: RESTful API Design, Payment Gateways, Apple Pay, Digital Wallets, Agora (Video), Third-Party APIs

DevOps & Cloud: AWS (EC2), Nginx, PM2, Server Administration, CI/CD, Performance Tuning, Backups

CMS & E-commerce: WordPress, OpenCart, Multi-tenant & SaaS Platforms

Practices: Git, Repository Pattern, Modular Architecture, Testing, Agile, Team Leadership, Project Management

PROFESSIONAL EXPERIENCE

Senior Full Stack Developer & Tech Lead

2023 – Present

Talbinah | Cairo, Egypt (Hybrid)

- Lead a cross-functional engineering team delivering and maintaining a large-scale mental wellbeing platform serving clients, doctors, consultants, and corporate (B2B) users.
- Design and develop scalable RESTful APIs in Laravel powering mobile applications, web platforms, and third-party integrations.
- Architected and maintained complex backend modules including appointment booking, wallet and payment systems, coupons and promotions, subscription packages, B2B dashboards, and doctor participation tracking.
- Designed and optimized the MySQL database architecture, including advanced queries, reporting systems, and KPI analytics dashboards used by management to track growth, engagement, and revenue.
- Implemented real-time video consultation infrastructure using Agora for doctor-to-client communication.
- Integrated multiple payment gateways and digital wallet solutions, including Apple Pay and regional providers.
- Led DevOps and AWS deployment: server setup, database management, performance optimization, and backup strategies.

Senior Full Stack Developer

2021 – 2023

Oilkom Group | Cairo, Egypt

- Developed and maintained web applications using PHP and Laravel, collaborating with cross-functional teams to gather requirements and deliver high-quality solutions.
- Integrated third-party APIs and external systems, streamlining processes and improving overall efficiency.

- Set clear team goals, delegated tasks and deadlines, monitored performance metrics, and mentored team members through coaching and feedback.

Senior Full Stack Developer

2020 – 2022

Webstdy | Giza, Egypt

- Built dynamic web applications using PHP, Laravel, MySQL, HTML, CSS, JavaScript, and Vue, with thorough testing and debugging for high-quality delivery.
- Collaborated with a development team to deliver a large-scale e-commerce platform within a tight deadline.
- Implemented responsive design techniques to improve user experience across devices and used Git for version control and smooth feature integration.

Full Stack Developer

2019 – 2020

Maktapp | Cairo, Egypt

- Developed web applications using PHP, HTML, CSS, and JavaScript, with testing and debugging to ensure functionality and quality.
- Contributed to the migration of legacy applications to a modern PHP framework, improving performance and maintainability.
- Built payment gateway integrations and partnered with senior developers to resolve technical issues.

Full Stack Developer

2017 – 2019

Altin Group | Cairo, Egypt

- Developed websites using native PHP and WordPress for a software house, including custom theme development and ongoing maintenance.
- Conducted testing and debugging to ensure functionality and quality across client projects.

Freelance Developer

2016 – 2017

Webbang Limited | Remote

- Created and maintained company websites for clients on a freelance basis.
